After a year with pilot trainings the ASBINDO Training Centre is now ready to roll out a professional set of interesting trainings and workshop to cater the needs of a variety of stakeholders in the Indonesian Floriculture sector. In addition half day workshops on a variety of topics are being organised at the ASBINDO office in Jakarta. There will be certificates for all successful participants of the ASBINDO Training Centre activities. As our mission is among others to develop the Floriculture sector in general, we would like to keep the training programm as accessable as possible. Therefore the prices of the activities are kept modest. For members of ASBINDO there is even a further discount. If you would like to offer a training to more than one of your staff members, you might want to consider to book a inhouse training. A profesional ASBINDO Training Centre trainer/coach will than conduct any of the below trainings at your company
