

Our Company

(JFA) is one of the best flower arranging schools in Indonesia which was founded in 2005 and has provided complete training to those who want to join the flower industry both locally and internationally, both as a hobby and professionally. Based on an international curriculum, JFA also has a complete choice of programs with an operational license for Course and Training Institutions from the Government as an official flower arranging school in Indonesia.

Service

Apart from studying the flower arranging module, there are also other supporting modules such as color, sketch drawing, flower maintenance, visual merchandising and business modules.

flower lovers..
