

The ASBINDO Garden visit to Lembang was held on October 26 2023 at CV. Istana Bunga Kaktus at Kp. Sukamulya, Lembang, West Bandung Regency and CV. Ranata Nursery at Kp. Buniasih, Lembang, Kab. West Bandung. Garden Visits are one of the Organizational Programs which aims to strengthen relationships between members and exchange information, insights and learn from each other. This event was attended by 21 participants, which started at 10.00 WIB with an opening from the Head of Organizational Affairs, Mrs. Ch. Atik Setyawati, then remarks from the General Chairperson of ASBINDO, Mrs. Hesti Widayani, as well as remarks and presentation of material from the owner of CV. Istana Bunga Kaktus, Mr Aldy Ridwan.

CV. Istana Bunga Kaktus is a company that operates in the agricultural sector as a cultivator, export and import of ornamental plants. With an area of ± 1,500 m², this company cultivates various kinds of cactus, succulent and Sansevieria ornamental plants. Having more than 10 years of experience in cultivating ornamental plants, CV. Istana Bunga Kaktus is able to

produce quality ornamental plants that penetrate the export market. To date, there are more than 20 export destination countries, including America, Europe, the Middle East and Asia. This company also imports to increase the diversity of plant varieties it has.

CV. Ranata Nursery is a company formed by several people as a group of millennial farmers engaged in the export of ornamental plants. This company has been exporting for seven years to America, Europe and Asia with a turnover of millions of US dollars each year. For production, a special nursery was built for breeding (conventionally) and a tissue culture laboratory. The ornamental plants that are cultivated are ornamental leaf plants (Araceae) such as Alocasia, Aglaonema, Anthurium, Homalomena, Philodendron, Rhapsidopora, Syngonium, etc.

It is hoped that from the garden visit program which is scheduled once every 2-3 months, this

activity can be a means of exchanging ideas, information and knowledge as well as discussions among ASBINDO members, especially regarding various aspects of the ornamental plant business, and can provide benefits for ASBINDO members.
