

ASBINDO again carried out a garden visit on May 15 2024 to the PT. Wilis Agro Lestari is located at Kp. Babakan Tisuk, Cipancar Village, Subang Regency, West Java.

PT. Wilis Agro Lestari, known as Wilis Agro, was founded in 2012. This company is engaged in the cultivation and flowering of orchids, in particular, Phalaenopsis. In 2017, Wilis Agro modernized the Green House to ensure the products produced were truly the best superior products. This is what makes Wilis Agro products quickly accepted and liked in the Indonesian market. Wilis Agro has a flowering greenhouse in the Subang area, West Java with an area of 20,000 m² and a production capacity of 480,000 orchids/year. The orchids produced are mostly to meet local market demand on the island of Java. Meanwhile, the orchid market outside Java and for export is still wide open.

Garden Visits are one of the Organizational Programs which aims to strengthen relationships, exchange information, open insight and learn from each other among ASBINDO members.
